Foreword

TO THE TRADE:

We take pleasure in presenting our 1922 contract list.

An institution grows as it is capable of serving well its many customers: WE serve the discriminating trade what they demand: MERIT FLOWER SEEDS.

We are justly proud of the esteem and favor our stocks have attained, and devote all our energies to the perfecting of strains and the breeding up of new varieties.

We extend to the seed trade a most cordial invitation to visit our experimental and test grounds and our extensive ranches, and personally acquaint themselves with the purity of our cultures.

We are prepared to grow from customers stocks and give personal attention to this branch.

We again welcome the opportunity to thank our patrons for their generous support in the past and will do our utmost to justify their continuance.

AWARDED SILVER GILT MEDAL OF THE NATIONAL SWEET PEA SOCIETY OF GREAT BRITAIN AT THE EXHIBITION OF THE AMERICAN SWEET PEA SOCIETY HELD AT THE PANAMA PACIFIC EXPOSITION, SAN FRANCISCO, JUNE 11, 1915, FOR DISPLAY OF SPENCER SWEET PEAS.

NEW EARLY FLOWERING SPENCER SWEET PEAS OF MERIT

EARLY GRENADIER—This is the most brilliant Sweet Pea yet introduced.

A true early, everblooming type, of robust habit.

The color may best be described as a glowing poppy scarlet; synonymous with our late flowering variety. "The Cardinal".

All in all, it is a wonderful addition to the new group of Early Flowering Spencers. Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

EARLY FAIR MAID—This is the finest blush pink Early Spencer Sweet Pea to date. It is the result of a cross with Elfrida Pearson and is an exact counterpart of that very popular standard Spencer. This color has been needed in the Early class for several years. It is a Blush Pink suffused salmon, on a white ground, of robust growth, with long stems carrying fours regularly. As Elfrida Pearson still remains the best of its class in the late or Standard Spencers so will Fair Maid take its place in the Early class. Price per $\frac{1}{4}$ lb., \$1.50; per lb. \$5.00.

EARLY ALL WHITE—This is an early King White and comparison in 1920 with all other white seeded varieties proved this to be without doubt the finest White Sweet Pea to date. It is the result of a cross with the Standard King White. It produces four gigantic blooms on exceedingly long stems. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

EARLY IRENE—This is an Early Lavender George Herbert or Florence Nightingale, and it is a very fine bluish lavender and is especially recommended to all who prefer a clear lavender without mauve in it. It is the result of a cross on the Standard Lavender George Herbert. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

NEW EARLY FLOWERING SPENCER SWEET PEAS OF MERIT

EARLY MADONNA—This is an Early Constance Hinton and is the result of a cross between the Late Constance Hinton and Early Asta Ohn, surpassing any black seeded white that has been introduced to date; unlike other black seeded varieties it has no trace of a pink tinge. Owing to its being crossed on the lavender Early Asta Ohn it has increased the opaque whiteness of the blooms and also their size, the standards often measuring two and a half inches across with ordinary field culture. We recommend this as one of the finest novelties we have raised. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

EARLY VANITIE—This is an Early Paradise Ivory and is best described as old ivory flushed rose. It is a very dainty and charming Sweet Pea. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

EARLY ROSE CHARM—This is an Early Rosabelle and is the result of a cross on the Standard Rosabelle Spencer. It is bright rose with very large blooms and throws fours on very long stems. Unlike other rose colored varieties, it is constant, and the blooms do not purple as they get older. It was one of the most admired varieties in our grounds last season. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

EARLY QUAKER MAID—This is an early mauve self, synonymous in color with King Mauve. The blooms are large. It is especially adapted for exhibition and hot-house culture. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

EARLY BLUE PICOTEE—This is an Early Blue Picotee or Mrs. Townsend. The color is pure white with an edging of violet blue on standard and wings. A very attractive variety. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

EARLY FANCY—This is an Early Margaret Atlee, but is much superior, the blooms being larger and finer in every respect. The color is pale salmon pink on cream ground deeply overlaid with buff. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

The First of a New Race

CUPID SPENCER ROSEBUD—A new arrival to this charming group of Cupid Spencers, of compact habit, not over four inches in height.

The blossoms are a creamy apricot, very similar to the variety Mrs. Hugh Dickson. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

CUPID SPENCER MIDSHIPMITE—A very pretty cupid sweet pea in the Spencer form having the low compact habit of the old cupids, growing only four inches high and forming a plant eighteen inches in diameter.

The blossoms are closely spaced four on a stem and are large and frilled, colored white, suffused and edged violet blue. On account of its being a very shy seeder it blooms nearly the whole season through. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

CUPID SPENCER LITTLE NELL—A charming new Early Cupid Spencer Sweet Pea in pink and white. It is really a Blanche Ferry Cupid in Spencer form and of the early flowering type. It produces four large waved blooms in great profusion on very short stems, the whole plant not growing more than four inches high. When in full bloom the plant is so perfectly covered with blossoms that the foliage is hidden. It blooms a month earlier than any other Cupid and so is especially adapted for culture in pots under glass. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

New Extra EARLY Flowering DOUBLE COSMOS

Ever since the introduction of the Double Cosmos we have been working to get this valuable florists flower in the Early Type and have at last succeeded in obtaining it in three separate colors; which we take pleasure in introducing for delivery from crop of 1922. They grow to a height of about three feet, forming a perfect bush massed with bloom, bearing beautiful double flowers of good size on long stems; they come about seventy-five per cent double from seed. They bloom in seventy days from the day seed is sown, so that seed sown the latter part of April will easily be in bloom by the Fourth of July and continue until cut down by frost.

	Price per Ounce
COSMOS EARLY FLOWERING DOUBLE WHITE	\$2.00
COSMOS EARLY FLOWERING DOUBLE PINK	2.00
COSMOS EARLY FLOWERING DOUBLE CRIMSON	2.00

New Colors in Eschscholtzias

After six years of constant endeavor we are able to introduce absolutely new colors in Eschscholtzias and offer them for the first time in separate colors. Our many friends who have admired these Eschscholtzias, as they have seen them growing, each year in our Experimental Grounds will be glad to know that we have at last succeeded in fixing them so that they will remain constant.

ESCHSCHOLTZIA ORANGE FLAME—Vivid orange-scarlet, the flowers are slightly smaller than the ordinary Eschscholtzia; while the plant is very erect and compact not more than nine inches high. This variety will be found very suitable for borders.

ESCHSCHOLTZIA BALLET GIRL—Outside of petals intense cochineal carmine, inside of petals creamy white, beautifully frilled and fluted.

The contrast of color combination in this variety is very startling.

ESCHSCHOLTZIA TANGO—Bronzy red overlaid terra cotta. This rare color produced quite a sensation among all who saw this new Eschscholtzia growing on our ranch, it being the tango color which was so popular among the ladies a few years ago and is yet.

ESCHSCHOLTZIA MAUVE BEAUTY—A delicate new color previously unknown among Eschscholtzias it being a beautiful shade of pure mauve.

ESCHSCHOLTZIA PURPLE GLOW—Undoubtedly the greatest advance that has been made in Eschscholtzias. It is a bright reddish purple and is the darkest shade that has been obtained so far.

ESCHSCHOLTZIA LOVELY—We consider this Eschscholtzia well named, it being a lovely tone of bright rose pink suffused with salmon, the blooms having a satiny appearance which adds very much to the effect.

ESCHSCHOLTZIA SCARLET BEAUTY—This is one of the brightest colors in Eschscholtzias, it being a deep scarlet and as the plants are very erect, it has the appearance when in bloom of a vivid scarlet tulip.

Price per ounce \$1.00, per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

A New Shirley Poppy of Merit

POPPY SHIRLEY "AMERICAN LEGION"—This new single Shirley is a dazzling orange scarlet of enormous size, borne on long stout stems. The plants are of very erect robust growth. Price per $\frac{1}{4}$ lb. \$1.00, per lb. \$3.50.

A New Larkspur

DOUBLE STOCK FLOWERED TALL "EXQUISITE"—The color of this charming new Larkspur is a beautiful soft pink and will be highly desired by seedsmen who cater to the florists trade. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00

SPECIALTIES

"ALYSSUM PROCUMBENS"—Carpet of Snow. A very select strain grown by us with the greatest of care, habit two and a half inches high and about twelve to eighteen inches in diameter, and has the appearance of a nice flat pancake. The blooms are massed, completely hiding all foliage, and a field of this in bloom has the appearance of being covered with snow. Price per $\frac{1}{4}$ lb. \$0.75, per lb. \$2.50.

CALENDULA "ORANGE KING"—Double, dark orange red, a very select strain grown by us with the greatest of care for our customers in the seed trade who make a specialty of catering to the florist trade. The plants in the open ground under ordinary field cultivation attain a growth of eighteen inches high and produce blossoms three and a half inches in diameter. What they will do under intensive hothouse culture can be left to the imagination. Price per $\frac{1}{4}$ lb. \$0.30, per lb. \$1.00.

CANDYTUFT "GIANT HYACINTH FLOWERED WHITE EXTRA SELECT"—A very select strain worked up by us from a single plant selection made in 1916. This parent plant threw ten perfect spikes, but the average from the offspring is six and seven. We believe this to be the finest strain of this variety offered. Price per $\frac{1}{4}$ lb. \$0.85 per lb. \$3.00.

COSMOS EXTRA EARLY, MAMMOTH FLOWERING—In separate colors of "WHITE," "PINK," "CRIMSON." As a result of continued selection for earliness and size this strain of Cosmos has been placed in a class by itself. The blossoms under ordinary field cultivation average four to five inches across, surpassing in size any of the late varieties. From seed sown in the open ground, the "WHITE" blossoms in exactly sixty days, the "PINK" in sixty-five days and the "CRIMSON" in seventy days. Price per $\frac{1}{4}$ lb. \$0.55 per lb. \$1.75.

"ESCHSCHOLTZIA HYBRIDA GRANDIFLORA MIXTURE"—New large flowering erect type containing a large percentage of new colors in Eschscholtzias and includes soft pink, scarlet, chrome, copper red, mauve, claret and royal purple. When in bloom this mixture is most gorgeous. Price per $\frac{1}{4}$ lb. \$0.85, per lb. \$3.00.

PETUNIA "ROSY MORN"—Compact, extra select strain grown from carefully selected plants. Price per $\frac{1}{4}$ lb. \$4.00, per lb. \$15.00.

PETUNIA *Hybrida Nana Erecta VIOLACEA*—A wonderful acquisition to the dwarf group; very compact, free flowering plants. The blooms are a beautiful steel blue or deep violet, with no trace of magenta. Comes true from seed. Price per $\frac{1}{4}$ lb. \$5.00, per lb. \$16.00.

SCHIZANTHUS "GARAWAY'S HYBRIDS," a splendid strain with large blooms producing an endless variety of color. Price per oz. \$2.00, per $\frac{1}{4}$ lb. \$7.00, per lb. \$25.00.

NASTURTIUM TOM THUMB, "EMPEROR OF INDIA"—A very select strain of this popular dwarf dark scarlet variety, with extra dark leaves. Price per lb. \$0.40.

"VERBENA HYBRIDA LUCIFER"—Intense brilliant scarlet with no eye. A great improvement on Scarlet Defiance. Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

SEED GROWING CONTRACT

19

Between **THE L. D. WALLER SEED CO.**, of Guadalupe, California,

and.....

THE L. D. WALLER SEED CO. agree to plant sufficient land ordinarily to produce the amount of seed named herein, at prices indicated, and will deliver the seed in good merchantable condition at nearest terminal point in California as soon as practicable after harvest.

THE L. D. WALLER SEED CO. will accept contracts only so long as the conditions of the crops are favorable enough to justify their accepting same, but in the event of short crops will fill pro rata only.

Bags or containers will be charged at cost.

TERMS:—F. O. B. Guadalupe, California, 60 days net or 2% discount for cash within 30 days from date of invoice.

THE L. D. WALLER SEED CO. give no warranty, express or implied, as to description, quality or productiveness or any other matter, of any seeds they deliver nor will they be held responsible for the crop in any way.
